EDUCATION

Bachelor of Technology - Computer Science Engineering

2019 - 2023

Sinahagad Institutes of Technology, Lonavla

CGPA : 9.92

EXPERIENCE

Software Engineer

Dec 2023 - Present

LTIMindtree

- Currently working in an Angular and .NET support and development team, ensuring seamless maintenance of existing systems while driving successful new enhancements.
- Worked across four teams simultaneously, handling development and support using Angular v14, .NET EF, .NET WebForms, and SQL, ensuring 99% system uptime, and driving continuous improvements
- Developed and implemented 3+ key enhancements, saving clients up to 40% of operational time, leading to increased efficiency and client satisfaction by 20%.
- Implemented 3 automation solutions using .NET Jobs, streamlining repetitive tasks and reducing processing time by 40%, significantly improving operational efficiency.

Graduate Trainee

Sept 2023 - Dec 2023

LTIMindtree

- Acquired proficiency in .Net Full Stack with Angular during the ORCHARD in-house training. Gained practical knowledge through hands-on project following SCRUM methodology collaborating in Agile teams, troubleshooting issues.

PROJECTS

WeWits (Angular v14, .NET Entity Framework, OKTA Auth)

- Played a key role in the frontend and backend development of a Web-enabled Warranty Issue Tracking System, contributing to 45% of the overall development effort, ensuring timely and efficient project delivery.
- Integrated Okta authentication for secure user management, enhancing access control and security for application users.
- Implemented Layer 7 API Gateway to securely expose the application to the internet, ensuring seamless communication between internal and external systems.

EventEase - Event Booking Management System (Angular v14, .NET Entity Framework, JWT)

- Developed a scalable event booking platform with role-based access control (Admin and User) using Angular v14 and .NET Entity Framework, ensuring seamless event management and secure transactions.
- Implemented JWT authentication with role-based authorization, allowing admins to manage events, users, and bookings while enabling users to browse, book, and cancel events efficiently.

SKILLS

Programming Languages

C#, JavaScript, Java, SQL

Technologies

.NET EF, Angular v14, .NET MVC 5, SQL Server, Web API, Postman, GitHub

CERTIFICATIONS

- AWS Cloud Practitioner Certification
